

Marin County Dental Assistants Society Proudly Presents:

“Medical Emergencies”

Dr. Louie Limchayseng, is a Board- Certified Surgeon, specializing in Oral and Maxillo-Facial Surgery with over 25 years of surgical experience of the head and neck. He graduated University of the Philippines College of Dentistry with a Doctor of Dental Medicine D.M. D., in 1983. He completed his residency in Oral and Maxillo- Facial Surgery at the University of Texas, Southwestern Medical Center Parkland Memorial Hospital in Dallas, Texas. Dr. Louie has a private practice and he maintains an active role in the education and training of surgical residents by being on the surgical facility at the Alameda County Highland Hospital since 1993.

Course Objective: This lecture will bring awareness of the most common medical emergencies that can occur in the dental office setting. This course will prepare the participants and build confidence to the dental care team of providers in the management of untoward medical events in an organized and efficient manner. The course will focus on team preparedness, training and will allow all the participants of this course to give input and actively participate on the simulation exercises that will expose the team to actual medical emergencies scenarios and outline correct management of these emergencies. Training by simulation is the most effective way to allow the participant to think on their feet when faced with a crisis emergency. All attendees should be well versed on Basic Life support procedures which will be utilized in the simulation. It will be a fun experience.

Disclaimer: This is an informational course only. Further training and certification will be needed by those interested in being competent and proficient in providing emergency care.
