

SF CDA Presents:

The CDA once again did a great job hosting this event. They had some great speakers like Leslie Canham who gave courses on The Dental Practice Act and Osha Compliance. Leslie, you did a fantastic job. I loved the strapless masks you shared with the audience. Thank you for all your research to keep us current with the latest information.

There were lot of vendors who had new products and equipment to share. It is amazing how far dentistry has evolved since I first came into the field in 1984. The technology that we have today is amazing.

Our CDAA booth was busy with lots of visitor's dentist, dental assistants, dental students, and vendors. Next door to us was the California Dental Hygiene Association and we had a great time catching up with President Kathy Kane and her team.

To conclude, I would like to thank everyone who volunteered at our CDAA Booth we could not have done it without you. A special thanks to Shari Becker for all the years she has volunteered to transport all the booth decorations and give aways to make this day a success for CDAA Members. You are a blessing to me and our association.
